## Request for Comments

The Kansas Department of Transportation is seeking public input between October 1-31 on the final draft of the state's long-range transportation plan. The plan is a policy document that covers future transportation development in Kansas during the next 25 years. All transportation modes in Kansas will be examined, and topics explored will include future transportation funding, corridor planning and the expanded use of Intelligent Transportation Systems technologies.

The plan also examines current and projected trends in Kansas and offers insight on what KDOT research indi-

cates are appropriate transportation policy recommendations.

The plan is available for review and comment online at KDOT's main Web site, [www.ksdot.org](http://www.ksdot.org), under "Publications and Maps." A hard copy is available upon request by contacting either David Schwartz at [david@ksdot.org](mailto:david@ksdot.org) or Rene Hart at [rhart@ksdot.org](mailto:rhart@ksdot.org), by calling (785) 296-0343, or by writing to the Kansas Department of Transportation, Bureau of Transportation Planning, 217 S.E. 4th, Topeka, 66603.

**Kansas Water Office****Request for Watershed Initiative Grant Proposals**

The U.S. Environmental Protection Agency has placed a "Watershed Initiative: Call for Nominations" notice in the Federal Register/Vol. 67, No. 161 dated Tuesday August 20, 2002, requesting governor or tribal leader nominations for a new grant program to encourage the protection and restoration of our country's water bodies through use of watershed approaches. The President's fiscal year 2003 budget (now before Congress) requests \$21 million for this Watershed Initiative. Subject to availability of appropriations, the EPA plans to select through a competitive process up to 20 watersheds throughout the country for grants to support promising watershed-based approaches to clean water. Detailed information from the EPA on this initiative may be found online at <http://www.epa.gov/owow/watershed/initiative>, or contact Carol Peterson, (202) 566-1304, e-mail [peterson.carol@epa.gov](mailto:peterson.carol@epa.gov).

The Kansas Water Office and the Kansas Water Authority will be coordinating the watershed initiative grant proposal process for Kansas, and will accept proposals through October 18. Grant proposals received after that date will not be considered. The grant proposals will be forwarded to the Kansas Water Authority — Water Quality Committee for consideration and ranking at its November 13-14 meeting in Fort Scott. Ranking will be based on the federal criteria set out in the EPA notice and compatibility with the Kansas Water Plan. Selected proposals will be forwarded to the Governor for his nominations, which will be forwarded to the EPA by November 21. Please send proposals to the Kansas Water Office, Watershed Initiative Grant, 901 S. Kansas Ave., Topeka, 66612.

Any questions about this initiative or review process should be directed to Steve Hurst, Kansas Water Office, (785) 368-6201.

Administrative Regulations

A public hearing will be conducted by the Department of Revenue at 2:30 p.m. Tuesday, December 3, in Room 481 of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of amendments to regulations pertaining to motor vehicle titles and registration and motor vehicle drivers' licenses.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written comments from the public on the proposed regulations. All interested parties may submit written public comments on the proposed regulations prior to the hearing to Kathleen Smith, Tax Specialist, Office of Policy and Research, Room 230, Docking State Office Building, 915 S.W. Harrison, Topeka, 66625.

All interested parties will be given a reasonable opportunity to present their views, either orally or in writing or both, concerning the adoption of the proposed regulations. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Kathleen Smith at (785) 296-3081 or TTY (785) 296-6461. Disabled parking is located in State Parking Lot No. 2, south of the Docking Building facing Harrison Street. The east entrance to the Docking Building is accessible.

The regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**Article 51.—TITLES AND REGISTRATION**

**Amendments to K.A.R. 92-51-21, 92-51-23 and 92-51-24.** These regulations provide the procedures addressing the staggered registration system, refunds on license plate transfers and the mailing of titles. The amendment to K.A.R. 92-51-21 is necessary to include additional customers and stakeholders in the staggered registration process. The amendment to K.A.R. 92-51-23 clarifies which license plate types, other than numeric, may be transferred from one vehicle to another. In addition, it specifies that no refunds will be made in cases where plates are transferred to a vehicle of lesser weight, although it is possible to transfer from one vehicle to another. The amendment to K.A.R. 92-51-24 is needed in order to give the Division of Vehicles flexibility in providing customer service.

Economic Impact: No economic impact on the public, the department or other agencies is anticipated.

**Amendments to K.A.R. 92-51-27.** This regulation describes the procedures and circumstances for the issuance of nonnegotiable titles. The amendments to this regulation are needed to specify when a nonnegotiable title may be issued.

Economic Impact: No economic impact on the public, the department or other agencies is anticipated.

**Certificates of Participation, Series 2002  
Evidencing Proportionate Interests in and  
Rights to Receive Payments under the  
Lease Purchase Agreement Between the  
College and Commerce Bank, N.A.**

**Bids**

Written bids will be received by the Vice President of Finance of Butler County Community College, Butler County, Kansas, on behalf of the Board of Trustees at 901 S. Haverhill Road, El Dorado, KS 67042, until 3 p.m. October 8, 2002, for the purchase of \$1,525,000 principal amount of Certificates of Participation, Series 2002, Evidencing Proportionate Interests in and Rights to Receive Payments Under the Lease Purchase Agreement between the College and Commerce Bank, N.A., Wichita, Kansas (the Series 2002 Certificates).

**Certificate Details**

The Series 2002 Certificates will be issued pursuant to a trust indenture of the trustee identified below. The Series 2002 Certificates will consist of fully registered certificates in the denomination of \$5,000 or any integral multiple thereof. The Series 2002 Certificates will be dated November 1, 2002, and the principal portion thereof will become due annually on August 1 in the years as follows:

Year	Principal Amount
2003	\$235,000
2004	220,000
2005	230,000
2006	235,000
2007	245,000
2008	250,000
2009	110,000

Each of the Series 2002 Certificates shall represent the right to receive a proportionate share of the interest portion and principal portion of basic rent paid by the college

to the trustee identified below under a lease purchase agreement (the lease). The interest portion due on the Series 2002 Certificates will accrue from the date of the Series 2002 Certificates, at rates to be determined when the Series 2002 Certificates are sold as hereinafter provided, which interest portion will be payable semiannually on certificate payment dates, which shall be February 1 and August 1 in each year, beginning February 1, 2003.

**Adjustment of Issue Size**

The issuer reserves the right to increase or decrease the total principal amount of the Series 2002 Certificates, depending on the purchase price and interest rates bid and the offering prices specified by the successful bidder. The principal amount of any maturity may be adjusted by the issuer in order to properly size the bond issue based on the discount and interest rates bid on the Series 2002 Certificates. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the Series 2002 Certificates or principal of any maturity as described herein. If there is an increase or decrease in the final aggregate principal amount of the Series 2002 Certificates or the schedule of principal payments as described above, the issuer will notify the successful bidder by means of telephone or facsimile transmission, subsequently confirmed in writing, not later than 5 p.m. October 8, 2002. The actual purchase price for the Series 2002 Certificates shall be calculated by applying the percentage of par value bid by the successful bidder against the final aggregate principal amount of the Series 2002 Certificates, as adjusted, plus accrued interest from the date of the Series 2002 Certificates to the date of delivery.

**Trustee, Paying Agent and Certificate Registrar**

Commerce Bank, N.A., Wichita, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$30,500 (2 percent of the principal amount of the Series 2002 Certificates).

**Authority, Purpose and Security**

The lease was originally entered into for the acquisition, construction, installation and equipping of certain educational facilities (the improvements), all pursuant to K.S.A. 71-201 *et seq.*, as amended. The Series 2002 Certificates are secured by and payable from the trust estate established under the trust indenture, which consists, in part, of basic rent payments received by the trustee under the lease. The obligation of the college to make basic rent payments under the lease is a limited obligation, payable from available revenues of the college, including those raised through ad valorem taxation, but shall not in any way be construed to be a general obligation or indebtedness of the college. The term of the lease extends August 1, 2009. The lease is also subject to change or termination by act of the Kansas Legislature.

**Conditions of Bids**

Proposals will be received on the Series 2002 Certificates bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions:

(a) the same rate shall apply to all of the principal portion due in each year; (b) each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent; (c) no interest rate may exceed a rate equal to the daily yield for the 30-year Treasury Certificate published by the Bond Buyer, in New York, New York, on the Monday next preceding the day on which the Series 2002 Certificates are sold, plus 2 percent; and (d) no supplemental interest payments will be considered. The difference between the highest rate specified and the lowest rate specified cannot exceed 3 percent. No bid shall be for less than 99 percent of the total principal portion evidenced by the Series 2002 Certificates and accrued interest thereon to the date of delivery will be considered. Each bid shall specify the total interest cost (expressed in dollars) during the term of the lease on the basis of such bid, the discount, if any, the premium, if any, offered by the bidder, the net interest cost (expressed in dollars) on the basis of such bid and the average annual net interest rate (expressed as a percentage) on the basis of such bid. Each bidder shall certify to the college the correctness of the information contained on an official bid form; the college will be entitled to rely on such certification. Each bidder agrees that, if it is awarded the Series 2002 Certificates, it will provide the certification as to initial offering prices described under the caption "Certification as to Offering Price" in this notice.

#### **Basis of Award**

The award of the Series 2002 Certificates will be made on the basis of the lowest net interest cost (expressed in dollars), which will be determined by subtracting the amount of the premium bid, if any, from or adding the amount of the discount bid, if any, to the total interest cost to the college. If there is any discrepancy between the net interest cost specified and the interest rates specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the Board of Trustees of the college will determine which bid, if any, will be accepted, and its determination is final.

The college reserves the right to reject any and/or all bids and to waive any irregularities in a submitted bid. Any bid received after the submittal hour on the sale date set forth above will be returned to the bidder. Any disputes arising hereunder shall be governed by the laws of Kansas, and any party submitting a bid agrees to be subject to jurisdiction and venue of the federal and state courts within Kansas with regard to such dispute.

#### **Certification as to Offering Prices**

To provide the college with information necessary for compliance with Section 148 of the Internal Revenue Code of 1986, as amended, the successful bidder will be required to complete, execute and deliver to the college prior to the delivery of the Series 2002 Certificates, a certificate regarding the "issue price" of the Series 2002 Certificates (as defined in Section 148 of the code), reflecting the initial offering prices (excluding accrued interest and expressed as dollar prices) at which a substantial amount (*i.e.*, 10 percent or more) of the Series 2002 Certificates of each maturity have been or are expected to be sold to the

public. The term "public" excludes bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers. Such certificate shall state that 10 percent or more of the Series 2002 Certificates of each maturity have been or are expected to be sold to the public at prices no higher than such initial offering prices. However, such certificate may indicate that the successful bidder will not offer the Series 2002 Certificates for sale to the public.

#### **Optional Prepayment**

At the option of the college, the Series 2002 Certificates maturing on August 1, 2008, and thereafter, may be called for prepayment prior to maturity on August 1, 2007, and thereafter, as a whole at any time or in part on any basic rent payment date, at the prepayment price of 100 percent (expressed as a percentage of principal), plus accrued interest thereon to the prepayment date.

#### **Mandatory Prepayment**

A bidder may elect to have all or a portion of the Series 2002 Certificates scheduled to be paid in consecutive years issued as term certificates (the term certificates) scheduled to be paid in the latest of said consecutive years and subject to mandatory prepayment requirements consistent with the schedule of serial payments set forth above, subject to the following conditions: not less than all Series 2002 Certificates to be paid in the same year shall be converted to term certificates with mandatory prepayment requirements, and a bidder shall make such an election by completing the applicable paragraph on the official bid form.

#### **Delivery**

The college will pay for printing the Series 2002 Certificates and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or about November 1, 2002, to such bank or trust company in the contiguous United States as may be specified by the successful bidder, or elsewhere at the expense of the successful bidder.

#### **Approval of Series 2002 Certificates**

The Series 2002 Certificates will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, special counsel, whose approving legal opinion as to the validity of the lease and Series 2002 Certificates will be furnished and paid for by the college, printed on the Series 2002 Certificates and delivered to the successful bidder when the Series 2002 Certificates are delivered.

#### **Additional Information**

Additional information regarding the Series 2002 Certificates may be obtained from the college's Vice President of Finance, 901 S. Haverhill Road, El Dorado, KS 670425, Attn: Kent Williams, (316) 733-3103, fax (316) 733-3318; or from the financial advisor, Ranson Financial Consultants, L.L.C., 120 S. ## State of Kansas

## State Corporation Commission

Notice of Hearing on Proposed  
Administrative Regulations

A public hearing on various administrative regulation adoptions will be conducted at 2 p.m. Tuesday, November 26, in the first floor hearing room in the offices of the State Corporation Commission, 1500 S.W. Arrowhead, Topeka. The regulations under consideration are proposed regulations K.A.R. 82-1-220a, K.A.R. 82-13-1 and K.A.R. 82-13-2.

**K.A.R. 82-1-220a** provides an expedited complaint process for the resolution of disputes that arise between companies that have entered into an interconnection agreement. The process is available when a dispute directly affects a party's ability to provide service to its customers. The regulation establishes a procedure for the State Corporation Commission to consider and rule on disputes in a shorter time than will occur under existing complaint procedures that are provided in K.A.R. 82-1-220.

**K.A.R. 82-13-1** is a definitional section. It is placed at the beginning of Article 13 that is established for telecommunications regulations. The definitional section can be amended as additional regulations are added to Article 13.

**K.A.R. 82-13-2** establishes rules that telecommunications carriers must follow when they are exiting the Kansas market. The rules will help ensure that customers of these exiting carriers are protected from loss of service. The rules require the carriers to provide notice to their customers and to the State Corporation Commission prior to the time they stop providing service. The regulation will provide customers with sufficient notice to select another carrier without having their service interrupted.

No significant economic impact on the State Corporation Commission, individuals or other governmental agencies is anticipated as a result of the new regulations.

Regarding K.A.R. 82-1-220a, the economic impact on private companies will be minimal. The expedited complaint procedure will be used instead of the existing complaint procedure available under K.A.R. 82-1-220. The only additional expense will be associated with having to submit filings and participate in the hearing on an expedited basis.

K.A.R. 82-13-1 is a definitional section. There will be no economic impact from this regulation.

With regard to K.A.R. 82-13-2, the companies responsible for complying with this regulation will experience minimal economic impact. Telephone carriers will be required to notify customers, underlying carriers and the State Corporation Commission prior to ceasing operation in Kansas. Expense will be incurred from preparing and mailing the notice. The regulation also requires the exiting carrier to establish a toll-free number to answer questions from customers, which will result in additional expense. Finally, in some instances the underlying carrier will be required to make the necessary arrangements to serve affected customers. Some expense will be associated with switching the customers' service to the underlying carrier.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Bret Lawson, Assistant General Counsel, State Corporation Commission, 1500 S.W. Arrowhead, Topeka, 66604. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Copies of the regulations and the economic impact statement may be obtained by contacting Bret Lawson at (785) 271-3273.

Any person requiring accommodations under the Americans with Disabilities Act should give notice to the commission at least 10 days prior to the hearing date by contacting the commission at (785) 271-3140 or 1-800-662-0027.

## Article 16.—FLEX ACCOUNT

**5-16-1. Definitions.** As used in this article of regulations, in the Kansas water appropriation act, and by the chief engineer in the administration of the Kansas water appropriation act, unless the context clearly requires otherwise, the following words and phrases shall have the meanings ascribed to them in this regulation. (a) "Base water right" means a vested or certified water right or rights for which the owner applies to the chief engineer to establish a flex account pursuant to K.S.A. 82a-736, and amendments thereto.

(b) "Good standing," only as used in K.S.A. 82a-736, and amendments thereto, in reference to base water rights, means a base water right that meets the following conditions:

(1) Has been lawfully exercised within the five-year time period specified in K.A.R. 5-16- 5;

(2) has had all required water use reports filed and any civil fines assessed for failure to timely file a complete and accurate water use report paid; and

(3) has had no five-consecutive-year period of nonuse since December 31, 1990, except for enrollment in the water right conservation program according to K.A.R. 5-7-4 and enrollment in the federal conservation reserve program or other multiyear federal or state conservation program.

(c) "Significant water conservation measures" means actual physical changes in a water distribution system or management practices that improve water use efficiency, including the following:

(continued)

(1) Conversion from flood irrigation to center pivot irrigation with a nozzle package designed to improve water use efficiency;

(2) irrigation scheduling;

(3) conversion to subsurface drip irrigation; and

(4) removal of an end gun, resulting in a significant reduction in the number of irrigated acres. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2001 Supp. 82a-736; effective Oct. 11, 2002.)

**5-16-2. Fee to establish flex account and apply for term permit.** The filing fee for establishing a flex account and applying for a five-year term permit to exercise the flex account shall be \$400. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 2001 Supp. 82a-708a(d), as amended by L. 2002, Ch. 181, § 21; effective Oct. 11, 2002.)

**5-16-3. Establishing a flex account.** (a) A flex account shall be established by filing an application for a flex account and a term permit on a form prescribed by the chief engineer. The five-year period shall begin on January 1 of the next calendar year for which the application has been timely filed, unless expressly authorized by the chief engineer to begin the following January 1. The application shall also show the location of all wells located within one-half mile of the proposed point of diversion, and the names, addresses, and telephone numbers of the owners of those wells. Except as set forth in subsection (e), a separate application shall be filed for each water right and each point of diversion for which the owner desires to establish a flex account. Each application shall be accompanied by the filing fee specified in K.A.R. 5-16-2.

(b) Before any application to establish a flex account and a term permit will be accepted for filing, the application shall be signed by at least one owner of the water right, or a duly authorized agent of an owner of the water right.

(c) Before the flex account can be established or the term permit approved, all of the water rights owners, or a duly authorized agent of the owners, shall verify upon oath or affirmation that the statements contained in the application are true and complete.

(d) If one or more owners refuse to sign the application or if a written request is filed by one or more of the owners to withdraw their signatures from the application before the application is approved, the application shall be dismissed.

(e) A single application to establish a flex account and apply for a term permit may be filed in the following situations:

(1) Multiple water rights authorize the diversion of water from a single point of diversion that diverts water to an identical place of use for a single type of use.

(2) Multiple points of diversion are authorized by the chief engineer to divert water through a single water flowmeter before going to an identical place of use.

(f) The flex account shall not be established, and the term permit to exercise the flex account shall not be valid until both have been approved by the chief engineer. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2001 Supp. 82a-736; effective Oct. 11, 2002.)

**5-16-4. Conditions on the term permit.** (a) The place of use authorized by a term permit shall be identical to the place or places of use authorized by the base water right or rights.

(b) The type of use authorized by a term permit shall be limited to one of the types of use authorized by the base water right or rights.

(c) The rate of diversion authorized by a term permit shall not exceed the maximum instantaneous rate of diversion authorized by the base water right or rights. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2001 Supp. 82a-736; effective Oct. 11, 2002.)

**5-16-5. Maximum annual quantity of water authorized by term permit.** (a) Except as set forth in subsections (b) through (e), the maximum quantity of water deposited in a flex account and authorized to be diverted in five consecutive calendar years under the authority of a term permit shall be determined in accordance with K.S.A. 82a-736, and amendments thereto, by means of these calculations:

(1) Adding the total actual legal annual water use of the base water right or rights for the period of 1996 through 2000;

(2) dividing that total quantity of water by five;

(3) multiplying that quantity by 0.9; and

(4) multiplying that quantity by five.

(b) If significant water conservation measures were implemented under the base water rights during any time during the period of 1996 through 2000, the average annual quantity of water actually used may be calculated using the five consecutive calendar years immediately preceding the implementation of significant water conservation measures, but these five calendar years shall not begin before calendar year 1991. The five-year allocation under the term permit shall be determined by means of these calculations:

(1) Adding the total actual legal annual water use of the base water right or rights for the five consecutive calendar years;

(2) dividing that total quantity of water by five;

(3) multiplying that quantity by 0.9; and

(4) multiplying that quantity by five.

(c) If water use records for a base water right are inadequate to accurately determine actual water use during any calendar year during the five-year period, then that year shall be counted as having no water use.

(d) No flex account shall be allowed if the flex account is inconsistent with the provisions of any intensive groundwater use control area created pursuant to K.S.A. 82a-1036 through K.S.A. 82a-1040, and amendments thereto.

(e) If water was authorized to be diverted for less than five consecutive calendar years, the five-year allocation shall be determined by means of these calculations:

(1) Adding the total annual quantity of water actually legally diverted during the five-year period;

(2) dividing the total quantity by the number of years, or parts thereof, that water was authorized to be diverted by the chief engineer;

(3) multiplying that quantity by 0.9; and

(4) multiplying that quantity by five.

Water rights that authorized use of water for less than two entire calendar years during the five-year period shall not be eligible for a flex account. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2001 Supp. 82a-736; effective Oct. 11, 2002.)

**5-16-6. Flex accounts and term permits.** (a) The duration of the flex account and term permit shall be five consecutive calendar years.

(b) There shall be no extension of a flex account or a term permit beyond the period of five consecutive calendar years originally authorized.

(c) There shall be no carryover of unused quantities of water from one flex account or term permit to another flex account or term permit.

(d) Only one flex account shall be in force for a point of diversion or a water right at any time.

(e) A water flowmeter meeting the requirements of the chief engineer shall be installed on each point of diversion authorized by the term permit. If an existing water flowmeter had been required on or after September 22, 2000 or if there is no existing water flowmeter, the water flowmeter shall meet the requirements of the chief engineer in effect at the time the term permit is approved. If a water flowmeter was installed before September 22, 2000, the water flowmeter shall meet the requirements of K.A.R. 5-1-6(b).

(f) Only an entire water right, or a portion of a water right that has been formally divided, may be deposited in a flex account.

(g) All water diverted pursuant to a term permit and the base water rights associated with the term permit shall be counted against the quantity of water deposited in the flex account. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2001 Supp. 82a-736; effective Oct. 11, 2002.)

**5-16-7. Conditions under which a base water right may be exercised.** Each term permit approved by the chief engineer according to this article shall include the condition that if the term permit can no longer be exercised because of an order issued by the chief engineer, including an intensive groundwater use control area order, a minimum desirable streamflow order, or an order to administer water rights to prevent impairment, then any base water right may be exercised to the extent that all of the following conditions are met:

(a) The base water right is in priority.

(b) The annual quantity of water authorized by the base water right has not been diverted during that calendar year.

(c) The five-year allocation authorized by the term permit has not been used.

(d) The use of water under the base water right does not impair water rights senior to the base water right. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2001 Supp. 82a-736; effective Oct. 11, 2002.)

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Department of Revenue at 9 a.m. Wednesday, December 4, in Room 481 of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the revocation of regulations pertaining to cereal malt beverage issues at the state level, the revocation of a regulation authorizing industry seminars, and the adoption of a regulation that allows withdrawing liquor samples from a warehouse for industry seminars and in the course of business.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written comments from the public on the proposed regulations. #### Article 12.—CEREAL MALT BEVERAGES

**Revocation of 14-12-1 through 14-12-18.** These regulations deal with cereal malt beverage issues at the state level. The authorizing statutes for all of the regulations except K.A.R. 14-12-16 were repealed between 1987 and 1993. K.A.R. 14-12-16 is a redundant regulation as the requirements under this regulation are covered in K.A.R. 14-6-4, which covers labeling requirements for both beer and cereal malt beverages.

Economic Impact: No economic impact on the public, the department or other agencies is anticipated.

#### Article 14.—MANUFACTURERS; DISTRIBUTORS; NONBEVERAGE USERS; FARM WINERIES; MICROBREWERIES

**Revocation of K.A.R. 14-14-6.** K.A.R. 14-14-6 lists the information required for the Director of Alcoholic Beverage Control to authorize industry seminars requested

(continued)

by manufacturers and distributors. The department is seeking to revoke this regulation and replace it with a new, more specific and concise regulation (K.A.R. 14-14-6a). This regulation will not be needed after the new regulation goes into effect.

Economic Impact: No economic impact on the public, the department or other agencies is anticipated.

**Adoption of K.A.R. 14-14-6a.** This is a new regulation to replace K.A.R. 14-14-6. This regulation concerns withdrawing liquor samples from a warehouse for industry seminars. It clarifies the requirements that must be met by the licensee. This regulation is required to replace K.A.R. 14-14-6.

Economic Impact: No economic impact on the public, the department or other agencies is anticipated.
